**HABERBERGER RECEIVES FOUR AWARDS FROM MCA OF EASTERN MISSOURI**

**St. Louis, Mo., Nov. 13, 2008...** Mechanical contracting company Haberberger, Inc. was recently recognized by the Mechanical Contractors Association of Eastern Missouri (MCA) for its outstanding process piping and mechanical installation work on four projects for Maritz, The City of Kirkwood, Duckett Creek Sanitary District and AmerenUE. Haberberger has been honored with the mechanical installation award 18 times for a variety of projects over the past several years.

Haberberger received an award for *HVAC mechanical installation* in the \$1 million to \$2.5 million category for its work at Maritz in Fenton, Mo. Under the leadership of Superintendent Clay Buxton and Project Manager Chris Jordan, Haberberger's crew was in charge of replacing and installing a chiller for the St. Louis-based company. The \$1.7 million project was completed in four months.

Haberberger was also recognized for *process piping installation* for three different projects in each of the following categories: under \$500,000; \$500,000 to \$1.5 million, and \$1.5 million to \$5 million.

The company won in the category of projects under \$500,000 for work at the Marshall Road Water Pumping Station for the City of Kirkwood, Mo. Haberberger was in charge of demolishing and replacing the existing piping and setting and piping four new pumps into the existing piping system for Kirkwood Water. Jack Reiter and project manager Jeff Roberts oversaw the \$400,000 project, which was completed in three months. Haberberger was recognized in the \$500,000 to \$1.5 million category for work on an \$836,000 project at the Wyndgate Wastewater Treatment Plant, located in O'Fallon, Mo. Under the supervision of Superintendent Charlie Bott and Project Manager Pat Reilly, Haberberger handled the piping, sheet metal, HVAC and process piping work for the waste water treatment plants that lies in an 8,000-square-foot house in the Wyndgate subdivision. Haberberger also won in the \$1.5 million to \$5 million category for replacing the Unit #1 Steam Coils and Piping Systems at AmerenUE Rush Island in Festus, Mo. Bott, along with Project Engineer Steve Haberberger, Jr. and Project Manager Joe Wilhelm, managed the \$4,090,000 AmerenUE project, which was completed in nine months.
